### Welcome to Cabo San Lucas

Cabo San Lucas is different from other "Mexican Riviera" counterparts. Because of its geographical separation and isolation from mainland Mexico, the Cabo tourism industry has developed closer ties with the U.S. than to the rest of Mexico.

Cabo San Lucas is unique in its striking desert landscape, dry climate and beauty. Visitors are surrounded by a dramatic backdrop of endless cactus desert, cinnamon colored mountains and miles of white sandy beaches and clear water.

Los Cabos is one of Mexico's largest destinations in terms of its layout. There are 3 areas included in the resort. Cabo San Lucas and San Jose del Cabo anchor the area's resort strip. The two towns are separated by the Corridor, a 29 km. stretch of lovely beaches sprinkled with much of the area's new resort development.

Once used as a frequent provision stop for pirates awaiting passage of the Manila Galleons, today Cabo San Lucas is one of Mexico's top resorts, with some of Mexico's finest hotels.

We respectfully ask, because we care, that all guests use the hand sanitizing stations at all times, especially when coming back from all ports of call and before dining in our restaurants. If you develop any kind of gastrointestinal symptoms then please report them immediately by calling 3333 or 00. No fee will apply for consultation, only for medication.

### Don't miss this!

**Karaoke Idol:** It's a night of singing. Have fun and as the saying goes: "...the more you drink, the better you sound." Do you have what it takes to be the next Karaoke Idol?
